Warrant for Town Meeting

The State of New Hampshire

{ L.S. }

To the inhabitants of the Town of Wakefield, in the County of Carroll, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in Sanbornville in said Wakefield, on Tuesday, the Fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1 To choose all necessary Town Officers for the year ensuing.

2 To raise such sums of money as may be necessary to defray town charges for the ensuing year.

3 To see what sum of money the town will vote to raise and appropriate for the repairs of highways and bridges.

4 To see what sum of money the town will vote to raise and appropriate for sidewalks and where it shall be expended.

5 To see if the town will vote that it is inexpedient to establish a town library.

6 To see if the town will make appropriation for the suppression of brown-tail moths.

7 To see what sum of money the town will vote to raise and appropriate for chemical fire engines.

8 To see if the town will vote to raise and appropriate the sum of two hundred dollars to be used in connection with other contributions for the protection of water rights in Lovell Lake.

9 To see if the town will vote to receive from W. W. McIntire, executor, \$100.00 in trust, to pay 3 per cent interest on the sum in caring for the lot in Lovell Lake cemetery where Lucy A. Dearborn is buried.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord nineteen hundred and eleven.

FRANK J LEAVITT	}	Selectmen

Report of the Board of Health

There have been during the past year several cases of infectious and contagious diseases within the limits of the town, which were promptly quarantined, and no epidemic of a serious nature occurred.

We have had, however, quite a serious problem with Whooping Cough: a great many cases more than was necessary, due to the carelessness of many of the parents whose children had the disease in allowing them to mingle with other children. This was in most cases due to the erroneous opinion of many people as to the harmlessness of the disease, but all should realize that it is apt to be quite fatal in those cases that develop pneumonia or tuberculosis as a **direct result** of the disease.

Another question of the greatest importance to the health of the community lies in the general deplorable conditions of the out-buildings and sink drains connected with the dwelling houses in the villages of this town. Each and every resident should render his surroundings not only safe for himself, but also for his neighbor, and at the **earliest possible date**, as it is a fact beyond dispute that by so doing a great deal of illness might be thereby prevented. Let each one do his part in this direction, and at once.

We still have the drinking water question before us. Let us hope that something **can** and **will** be done in this direction at no distant future.

Respectfully submitted,

WILBERT S. DAVIS, M. D.

Annual Report

Superintendent of Schools

To the School Board of Wakefield:

I hereby submit to you and to the citizens of Wakefield my report as superintendent of schools.

As the superintendent was not elected to his position until the opening of the fall term of school he was slightly handicapped and makes that an apology for not having accomplished more. He found the schools on an excellent basis and has endeavored to keep them there. The school board has been patient and long suffering and he has endeavored to the best of his ability to do their will. He also feels that the teachers have given him their confidence. He trusts to become better acquainted with the parents as the year wears on.

The only really new departure has been the testing of the sight and hearing of every child in the district by the teacher under direction of the superintendent, and the sending out of written reports to the parents. It should be understood by all concerned that our tests are not to determine the specific ailment of the child, but simply to determine whether or not the organs in question give normal reactions; and in case of poor eyesight or hearing to seat the pupil as advantageously as possible. The superintendent has discovered several bad cases of adenoid growths which he believes should be treated.

Attendance

By referring to the report of last year you will find that you were promised statistical returns for the year ending in June 1910. My statistical table at the close of this

report carries out that promise. The records being taken from the registers kept under the former superintendent.

In behalf of my own work I would say that the attendance for the fall term was very satisfactory. In spite of the mumps at Union and the whooping cough at Wakefield Corner, the average attendance for the entire district was over 91 per cent. At Sanbornville, where 112 pupils were enrolled, the average attendance reached the creditable mark of 93.03 per cent. At North Wakefield, with a school of twelve, there were only five half-days absence and no tardy marks on the register after a term of fifteen weeks. I do not insert a roll of perfect attendance, but I wish to assure any child whose name would appear on such a roll, that I have written his name in the book of my remembrance as one who will succeed well in after life.

The mumps have broken up the schools at Union for the winter term, and whooping cough has caused the closing of the First Primary school at Sanbornville, and these causes together with inclement weather will undoubtedly lower the good record made in the fall.

Teaching Force

Our present teaching force is as follows:

Sanbornville, 1st Primary	Myra L Page
2nd Primary	Flora P Brackett
Intermediate	Abbie Willey
Grammar	Frank G Smith
Union, Primary	Ruth Preston
Grammar	Annie B Allen
Wakefield Corner	Manora Tuttle
North	Hattie E Warren
Woodman	Mary W Hill
East	Ina Warren
South	Helen Remick

Miss Agnes Churchill taught the fall term at Woodman and resigned at its close to take a school in her home

town. At East Wakefield, Mrs. Achsa Merrill, a teacher of long experience in Boston, had the fall term and was succeeded by Miss Ina Warren, a former teacher at Woodman.

To the regret of all concerned Mr. H. H. Trufant resigned from the Principalship of Sanbornville Grammar school at the close of the fall term, and Mr. Frank G. Smith of Mill Bridge, Maine, a teacher of long and successful service, was elected. The superintendent hopes that every teacher on the present force will remain with us another year. Only two of our teachers hold state certificates, although others have had normal training. The superintendent has conducted a class for training teachers for the state examinations, and he hopes that we may have more approved teachers next year.

As Mrs. Bertha Willey was obliged to resign from the Piper school at the end of the fall term, it was thought best to close the school and transport the six pupils to Sanbornville. This has made a very little saving in running expenses, but excellent transportation has been provided and the superintendent points with pride to our conveyance and sincerely hopes that the experiment will prove successful.

Repairs

As most of the appropriation for repairs was spent before my term of office began, I pass over what was done with the simple statement that every dollar was spent where it was most needed. Slate blackboards for Wakefield Corner and North Wakefield have been purchased, but are not yet in position.

The coming year will make fresh demands for repairs, as both houses at Sanbornville, the house at Union, and the one at Wakefield Corner need painting, and it is time that some improvement was made in our school yards.

Finances

I respectfully call your attention to the report of last year, where an excellent resume of recent legislation may be found.

The cost of schools per week remains practically the same as last year, but an increase in the money received from the state has enabled us to have a school of 37 weeks (in schools that have lost no time on account of sickness.) It should be thoroughly understood however, that next year we shall not receive as much from the state and the same amount of money ought to be raised by the district in order to insure a school year of thirty-five weeks.

There is a bill for supplies remaining unpaid, not by intent, but because a bill of long standing was sent to former Superintendent Sanborn at Pittsfield, and was received by us after our appropriation had been practically exhausted. Enough money should be added to the request for supplies to cover this. As the appropriation for flags shows a substantial balance this would not materially add to the total amount raised.

Our needs as I see them are as follows:

For Supplies	\$325 00
Flags	10 00
High school tuition	200 00

I recommend to the School Board that such be the estimates submitted.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent.
